

Octopus Flying Club has three aircraft based at Montgomery County Airpark (KGAI) in Gaithersburg, MD.

In 2014, Octopus expanded to a second location, North Perry Airport (KHWO) in Hollywood, FL. The club's Piper Archer is waiting to whisk you away to the Bahamas or the Keys.

Club members have access to aircraft in both Maryland and Florida. As the Florida membership grows, more aircraft will be added.

## No Minimums

Take the plane for an hour or overnight.  
Only pay for what you fly!

## Lower Costs

Significant savings over owning your own airplane, with many of the same benefits.

## Student Memberships

Not a pilot? Interested in learning to fly?  
Use our aircraft and the instructor of your choice.

## Modern Avionics

IFR certified aircraft equipped with Garmin moving map GPS displays, NAV/COM, audio panels, and XM weather.

# 8 Reasons to Join Octopus

## Expertly Maintained

Safety is the priority. All of our aircraft are maintained to high standards and in accordance with FAA Regulations.

## Multiple Aircraft

Members can fly any of the aircraft in which they are rated and meet the insurance requirements.

## Low-Wings

Transitioning from high-wing is easy, and your passengers will love the new look.

## It's Fun!

Meet like-minded pilots and go fly!
